PROFILE

Hi, my name is Sachin singh, currently pursuing Bachelor of Computer Applications from Graphic Era Deemed university, Dehradun. It's been almost a year since I started learning Web development and I have and still learning a lot of FrontEnd and backend technologies along with small projects. And now I'm looking forward to put the knowledge I have to work and start my Career in the Field

WORK EXPERIENCE

Although I don't have any professional experience in Web Development filed but I did have done Content Writing

Funds For NGOs

Content writer & Researcher

- I worked as a Content writer and Researcher, researching content and finding sources, data related to the topics and then put down all the data according to the provided format. Keep updating old content if there is any new information related. I worked in the company for almost a year, 6 months as a trainee and then few months as a permanent employee.

PROJECTS

2022 - 2023

I tried and built some projects

Banking Site

Developed a basic functional banking website using React, Node.js, and SQL technologies. Features include account creation, withdrawal, deposit, and summary viewing.

E - commerce Store

Created an e-commerce store for random products. Implemented features such as adding items to the cart and making purchases using React.js.

Other - To Do Lists, Keeper App, Portfolio Sites

Utilized React.js for most projects and occasionally used Node.js with a PostgreSQL database.
