ACADEMIC PROFILE

BCA graduate (CGPA 8.63/10) and full-stack developer with production fintech experience. Academic interests include software engineering, web systems and data-driven applications.

EDUCATION

07/2022-2026 — Bachelor of Computer Applications (BCA)
Graphic Era (Deemed to be University), Dehradun · CGPA 8.63/10

2019 — Class XII: 71.2% - Uttarakhand Board
Smt. Pushpa Vadera Saraswati Vidya Mandir, Dhalwala

2017 — Class X: 71.0% - Uttarakhand Board
Saraswati Vidya Mandir, Ghansali

PROFESSIONAL EXPERIENCE

02/2026-Present — **Full Stack Developer · BePay Money**
Remote · Primary frontend developer for BePay web products

Selected projects

- IGPS: Built cross-border crypto/fiat payment workflows; integrated production REST APIs.
- BePay Merchant: Built merchant onboarding and crypto/fiat payment workflows in one dashboard.
- BePay Partner Dashboard: Built branded-wallet dashboard with sandbox/live modes, scoped API keys and webhooks.
- Cortex (Personal Project): AI goal plans, habit tracking and strategy guidance, with auth, REST APIs and persistent data.
- Blog CMS: Built full-stack publishing dashboard connected to BePay's production website.

08/2025-01/2026 — **Frontend Developer · Giakaa Capital**
Remote · Intern Aug-Nov 2025; full-time Nov 2025-Jan 2026

- Built Next.js/React features for web products, including the Invest Payments & Banking Forum.
- Developed an astrology-consultation MVP with user and partner apps, booking, Flutter mobile features, WebSocket chat and Agora voice calls.

05/2024-10/2024 — **Frontend Developer Intern · CreatedInAm**

- Built React/Next.js websites for businesses and NGOs; developed a Redux e-commerce storefront.

07/2022-03/2023 — **Content Writer and Researcher · Funds for NGOs**

- Researched grants and funding; summarized eligibility, deadlines and application requirements.
